Opening the sandpit Jun 17 2013 07:48 PM by Steve Edwards
Xander presented to be a fireman and had to go put out fire in a house. He used the map to look where he was going. He drove the fire truck out in his fire engine and come back to wait for the next.

Viewing Observations

To view an observation click on the title of any observation in the obs, images or video tab. You can scroll up and down to view all of the content in the observation.

At the top of the screen you have access to the navigation tabs, and can jump backwards and forwards through observations using the arrows to the right and left side of the screen.

Adding an Observation cont'd.

sunrise - Add Observation

- 1) **Adding child/children to an observation:** select children you wish to add to the observation, by selecting them from the drop-down list and clicking the "Add Child" button.
- 2) **Add a title to the observation**
- 3) **Set date and time:** this will be set automatically, however you can change this if you need to
- 4) **Add notes about the observation**
- 5) **Upload media such as photos or video:** click on the "Add Files" button to open a file chooser window. Select your file(s), then click the "Start Upload" button to attach them to the observation.
- 6) **Save:** Click the "Save" button to record the observation

Click on the "Obs" tab and then on the "Add Observation" button.
