Editors' Note

Dear Readers,

Welcome to the *One Voice* magazine edition 3!

Some pupils have taken out some of their valuable time to contribute to this magazine. Credits to everyone who contributed in this magazine. If your work hasn't been chosen in this magazine, then don't worry. It might be in next time.

Who's ready for Christmas!! We definitely are, hope you have a merry Christmas and a happy new year!!!!!!

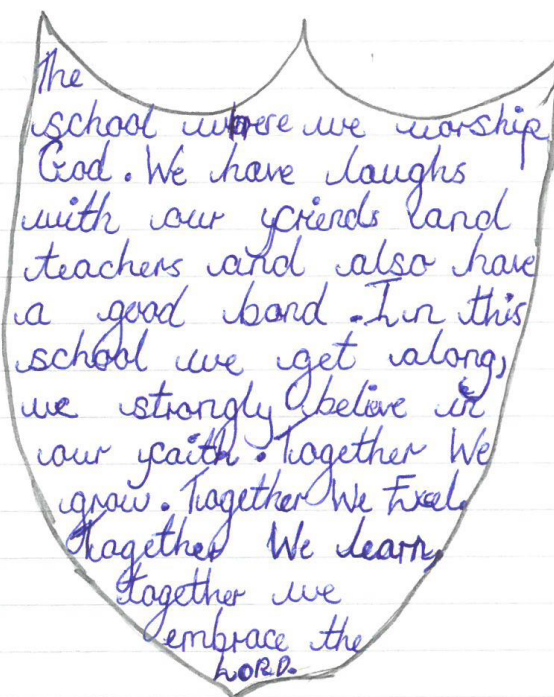

Ella May, Evelyn & James

Reflection: Advent and Christmas

In some places, they have a Christmas show or they put on a show when they light the town's Christmas tree. Some people also celebrate by singing carols like we do in our school. You can just stay at home for Christmas to spend time with your family and friends. As you know, Christmas is not about the presents or Santa; it is about Jesus' birthday and you can go to church and celebrate as well. Advent is about preparing for Jesus' coming.

St. Monica's Poem

The school where we worship
God. We have laughs
with our friends and
teachers and also have
a good band. In this
school we get along,
we strongly believe in
our faith. Together we
grow. Together we feel.
Together we learn.
Together we
embrace the
world.

Tech to Check Out: Fifa 19

This app review is about a new game which is called Fifa 19. This game is one of the best games since it came out. Sometimes people play it on Xbox and PlayStation. People like to play these kind of football games when they come out...even waiting for Fifa 20!

This game is very interesting. This game is not only for boys, but girls, too. Sometimes, if you feel bored and have nothing to do, you can go on your Xbox or PlayStation (only if you have one) and play it!

How to play the game: This game works by trying to play a match or asking someone online to play versus you so that you can play each other. In this game, you can also buy players so that you can put them on your squad and play with them. If you have run out of a lot of money on your players, you can still buy some more coins so that you will get more players on your team.

Tech to Check Out: *Maple Story 2*

This app review is about an app/game called *Maple Story 2*. This game is a worldwide online game. This game has no voice communication so parents, don't worry. But children, always ask your parents' permission before going online. This game is a friendly game that you can play with your friends on an app called *Steam*. This game is about how dark wanted to destroy Mapleland and light wanted it to be safe.
