A Snapshot of Our Learning: Year 3

By Josiah (Y3)

In year 3 we have been learning about science and in science we are doing an experiment to see if plants can grow without heat.

In RE we are learning about energy and we said that if God had no energy we would have no energy as well.

In Literacy we watched videos, then after we retold the story in our literacy book.

In Art we were learning about Andy Warhol and we watched videos about him, we had four portraits of our self and we coloured them in colour pastels.

In Maths we have been doing a test with multiplication and division also fractions, geometry and also measurement.

We were going on a trip to Sobell leisure centre. When we got to the trampoline park inside, we went inside the party room, we took off our socks and wore trampoline socks. Inside the trampolining area, there was dodge ball, basketball and a tightrope which we had to walk on with a long stick to keep our balance. On the top floor there was a slide which lead to a foam pit and a diving board.

I enjoyed the experience and I would recommend this place to other children.

A Closer Look: Our Junior Road Safety Officers (J.R.S.O.)

by Kiana and Jack (Y5)

Jack and I, Kiana, are St Monica's road safety officers. On 4 July we went for a presentation for the road safety officers. We met a lot of children from other schools, who are J.R.S.O and it was nice to see what they have completed this year as well as ourselves. The police were there showing us their speed guns and what got to talk and met the speaker of Hackney.

KEY STAGE 2 FANCY DRESS BALL

by Decka (Y4)

The fancy dress ball was a huge success. There was a DJ with music. There was food and drinks thanks to Mrs McLaughlin. From what people have told me we all think that it went really well.

Thanks to Mrs Phinn we have amazing photographs to remember our fun times.

I also went to the fancy dress ball as well and I think it was a great hit. I just want to thank Mrs Ruthven for organising the fantastic summer ball.

Our lord of the dance Jamie y4 thought that the fancy dress ball was nice and fun! Our bell of the dance Evelyn y4 also thinks the dance was a success to!

I hope everybody had a great time at the fancy dress ball. Daniel L and James in y4, I noticed had some great dance moves. We can't wait until next year's summer ball and have fun together as friends and dance and be happy together.

Madrid: Year 5's Big Trip

by Libby (Y5)

Day 1:

On the first day we said bye to the school and our parents and went off. We took a bus to Liverpool train station and took a train to Stansted Airport. It took about 1 hour but unluckily we were 20 mins delayed. Once we got to the airport our bags got checked and we got on the plane. It was only a 2 hour flight we had a good landing. When we got to the hotel I was on the second floor with Mrs Smith and we went to bed.

Day 2:

The next day we went on our first school which didn't have our penpals, lots of people were crowding me and asking me to play basketball with them it was a 5-form entry school. After that we went on a boat and was singing songs. Then we went to Madrid football stadium and saw cool trophies.

Day 3:

On day 3 we went to our penpal school which was a 3 form entry school. Then went back to the hotel to relax and then went to the cable cars and it was fun. Then we went to a pizza restaurant.

Day 4:

On day 4 we went to the same school as yesterday to go on the radio station it was also their sports day and we took part in it. When we were about to leave the school made a party for us. They did it to say bye and they gave us cards. Then we went to a museum and there was a lot of art sculptures and movie clips. At the hotel we then started to pack.

Day 5:

On the last day we did our finalising of pack and took a metro to the airport. We got our bags checked and got on the plane. When we got back to London we took a train back to Liverpool Station and got back to school.

One to Read: Cookie

by Melody (Y5)

Cookie

Cookie is one of Jacqueline Wilson's many books.

It is about a girl called Beauty Cookson, and her Mum, Dilly Cookson.

Dilly and Beauty live in fear of Gerry (Beauty's father).

Beauty isn't really popular at school. She always gets bullied and has a ridiculous nick name - Ugly.

One day, on her birthday, Beauty and her mum left Gerry, (Gerry killed Beauty's rabbit, that her friend Rhona gave her).

They went to aunt Avril (Gerry's ex-wife). Aunt Avril let Dilly and Beauty stay for the night.

When morning came, Beauty and Dilly left. They were looking for a place to stay. Beauty found a little town by the coast, called Rabbit Cove.

It was a long, journey to Rabbit Cove, by the time they got there, it was lunch time. Dilly brought lunch. They stayed in a B'n' B called Lily cottage.

I'll let you find out in the books, if they have a happy ending.

BLACK PANTHER

Why it's good

The Black Panther is a good movie because it's interesting and fun. It also teaches you about the stages in a king and prince life. In the movie Black Panther's name is T'Challa. His father died and the Black Panther became the new King of Wakanda.

Rating

In my opinion, I'll give this movie a 5 star rating because the movie shows you the life of a king/prince. It also helps you with your history.

ORIGINS OF
T'CHALLA

chapter 2
The first
threat:

CHAPTER 1; THE KING OF WAKANDA

In Wakanda, there lived a young man named T'Challa. He was given the power of the black panther. It enhances the strength, speed, awareness, and agility of who ever eats the flower. They call him the black panther, because he gets a panthers powers, and he wears a black suit made for stealth (his suit is made out of vibranium).

T'Challa now protects Wakanda from villainous people who want to destroy

He has defeated many people ^{AS} the black panther, including the Beast (A D I I I I)

CHAPTER 2: THE FIRST THREAT

It was a normal day like none other, and T'challa was out with his good friend Gorilla (who had turned good).

Then T'challa's sister (Shuri) came rushing in. T'challa asked her what was wrong, and ~~she~~ she said that Killmonger is attacking the ^{Nation} ~~city~~ of Wakanda.

At once, T'challa activated his vibranium suit. And went out for Killmonger.

Avengers Infinity

War

Why it's good

The movie Avengers Infinity War is good because it's inspiring and helpful. It also helps you believe in your future and dreams. The Sci-Fi and action make you think the movie is real but because it has Sci-Fi, the obvious answer is fiction.

Rating

In my opinion, I would give this a 5 star rating because the makers of this movie must have done a really hard job to make this awesome movie. It must have taken bloopers and fails to make this great movie. 🌟

Ones to Watch

Michelle B (Y6)

Mary & the witch's flower.

The movie is about a young girl called Mary that is staying at her great aunt's house. There's nothing to do in her small village until a young boy by the name of Peter comes along. Peter is quite a self-centered boy in the beginning. ~~Both him and Mary then~~ sees a black cat and follows them to the woods. She then finds herself in front of a tree and sees a broom. She picks it up then sees a bright blue plant. ^{Berry} She then squishes it and glowing a burst of light comes out from her hands and it disappears. She then touches the broom stick and starts flying away.

I would recommend this movie and give it a 4/5.

HELLO EVERYONE,

Thank you for the letters I will be answering 3 letters a week let's begin!!!

Dear JJshadowqueen,

To find your way you have to be yourself. People love people for who they are. You don't need to misbehave and be someone different you should be you!!!! And don't let the worst get you down!!!

Dear Bulma,

I know friendships can be hard and trust me I've been through it a few times but if you think happy thoughts e.g unicorns, fortnite or football when they're annoying you and have mutual [nice] respect for each other you and your friend will work out and always stay amazing!!

Dear yellow sun bite

Sometimes I feel invisible as well. soon people started listening because I started to speak
